CHAUTAUQUA INSTITUTION SELECTS GEMKO AS IBM PARTNER

GEMKO Information Group, an IBM Business Solutions Consulting Firm, has reached an agreement with the Chautauqua Institution to implement a new IBM System i server. The new Mid Range server will power Chautauqua Institution's IT infrastructure and assist with future Application Modernization projects for their internal business software systems.

GEMKO Information Group is a Business Solutions Consulting firm targeting manufacturing, distribution and professional service environments. GEMKO is focused on effectively delivering technology and process solutions that enable clients to solve business problems and improve performance to achieve bottom-line results.
