### ANNOUNCING PARTNERSHIP BETWEEN GEMKO AND VISION SOLUTIONS

GEMKO Information Group, Inc., an IBM Business Solutions Consulting Firm, announces a new business partnership with California-based Vision Solutions.

The partnership enables GEMKO to provide high availability and disaster recovery services to the Western New York IBM Mid Range marketplace. The new product offering helps ensure business continuity, reduce operating costs and satisfy IT compliance requirements.

“This partnership allows GEMKO to increase the business continuity levels at our clients, reducing consequential disruption to their businesses”, said Michael Budzich, GEMKO Director of Operations. For further information, please visit [www.gemko.com](http://www.gemko.com).

GEMKO Information Group, headquartered in Amherst New York, is focused on effectively delivering technology and process solutions that enable clients to solve business problems and improve performance to achieve bottom-line results.
